Vegetative and/or Organic Materials from Yards

Have a plan for what to do with grass and lawn clippings, leaves, garden debris, woody vegetative materials, roots, shrubs with intact root balls,

branches, tree trunks, stumps, and brush that involves composting. Above materials from residential yards, farm yards, and/or business yards NOT accepted at the Transfer Station and BANNED in all road right-a-ways.

Management with For Hire Haulers

Deciding what to do with old or used ag and/or plastic containers, ag film, fiberglass and foam building materials, plastics and non-recoverable components used in farms, businesses and households can be difficult. Town of Maple Grove residents and/or business owners have responsibility to contract with haulers of their choice for scheduled materials management services. **Burning plastics, other petroleum-based materials and most other garbage materials - whether in the open or in burn barrels or containers is illegal in Wisconsin under ss. NR 429.04 and NR 502.11 Wis. Adm. Code.** Also, all materials placed into a hauler's recycling or waste containers belong to that business, waiting for the scheduled pickup. For more guidance contact Waste & Materials Management Program Wisconsin Department of Natural Resources 101 South Webster Street PO Box 7921, Madison, WI 53707-7921 Call 888-936-7463 (TTY Access via relay - 711) from 7:00 AM to 10:00 PM (608) 267-7550 for the Wisconsin Department of Natural Resources Waste and Materials Management Program. Below is a list of some entities that provide hauling for recyclable resources and solid waste:

AAA Sanitation (920) 336-5409 1334 Mid Valley Drive, De Pere, WI 54115

54913 (920) 735-1221 vanhandelwaste.com

Veolia Environmental Services W6490 Specialty Drive, Greenville, WI 54942
<https://www.veolianorthamerica.com/>

Reminder all Town of Maple Grove residents have management in selection of service providers to best meet their farm, business, and/or family's recyclable resources collection and solid waste disposal. Also, see above for the Town of Maple Grove's schedule for transferring recyclable resources and solid waste materials. Best practices include informing tenants and/or persons in agreement with a land contract of *Recyclable Resources and Solid Waste Information*. Contact the Attendants for info sheets or print out this web page. **Personal dumping at the Transfer Station when closed is not nice and requires additional taxpayer money to cleanup.** Per Recycling Ordinance 1.22 persons who violate may be required to forfeit no less than \$25.00 or no more than \$500.00 for subsequent violations.
